

SANDEEP ARYAL

Civil Engineer

Nepal , Rupandehi • [linkedin.com/in/sandeep-aryal- 202a51127/](https://www.linkedin.com/in/sandeep-aryal-202a51127/) • er.sandeeparyal@gmail.com

Motivated and detail-oriented civil engineer with more than 5 years of experience in design, construction, quality assurance and estimation. Strongly analytical and problem-solving skills, with a focus on safety and cost-efficiency.

EXPERIENCE

Structural Design Engineer

Maitidevi, Kathmandu

Aron Engineering Pvt. Ltd.

Jul, 2024 - Present

As a Structural Design Engineer, I am responsible for the structural analysis and design of residential outdoor structures for US-based projects, including wooden Decks, Patio Covers, Tiny House framing, and foundations. My work involves creating efficient and code-compliant framing solutions using industry-standard codes such as ASCE, IRC, IBC, and other relevant US structural guidelines. I collaborate with the drafting and project management teams to ensure that all designs meet safety standards, client requirements, and jurisdictional regulations, contributing to the successful delivery of high-quality structural engineering services in a remote outsourcing setup.

Consultant Engineer / Quality Assurance Engineer

Rasuwa, Tatopani

Pearl River Planning Surveying and Designing Co., Ltd (PRPSDC)

Feb, 2023 - Jun, 2024

Conducted regular site inspections: Dam, Settling Basin, Headrace Tunnel, Powerhouse and Tower.

Proactively identified and resolved on-site challenges.

Enforced strict quality control measures conducting inspections to ensure compliance with design specifications.

Civil Engineer/ Site Engineer/ Supervisor

Dhangadi, Kailali

M.H. Engineering Consulting and Construction Pvt. Ltd.

Feb, 2022 - Jun, 2024

Led the design and construction of several residential buildings.

Created detail cost estimation of projects, including materials, labor, and equipment costs.

Collaborated with clients, contractors, and team members to ensure projects were completed on time.
